

HOW TO USE EBT AT THE FARMERS MARKET

1. Look for the EBT sign at the Mom's booth located in the center of the market and speak to the market manager.
2. Tell the manager how much you'd like to spend from your EBT card.
3. The manager will charge your card and give you tokens in the amount you request.
4. These \$1 tokens can be spent on fruit, vegetables and prepackaged foods only. Tokens may not be spent on hot or ready-to-eat foods or non-food items.
